## RUSSIA IS RECKLESS

She Ignores the Rights of an American Citizen.

### DEMAND MADE FOR DAMAGES.

John Ginzberg Thrown Into Prison Because He Failed to Get the Czar's Permission Before Taking Out Naturalization Papers and Becoming a Citizen of the United States—His Trial Delayed.

NEW YORK, May 22.—The Herald says: John Ginzberg has asked the secretary of state to collect \$50,000 for him from Russia to recompense him for unjustifiable imprisonment and ill-treatment by the czar's servants.

Ginzberg tells a story which is supported by official papers. He was born in Lohenshin, Minsk Pinsk, Poland. He came to America when 14 years old and on Aug. 10, 1886, took out naturalization papers before the United States circuit court in Wilmington, Del. He saved a little money and in October, 1894, made up his mind to pay a visit to his parents.

He secured a passport, good for two years, signed by Secretary Gresham. When he reached Hamburg, his passport was examined and was approved by Charles S. Burke, the American vice consul, and he passed through Germany without trouble. He entered Russia at Schuchin, a frontier town opposite Prostken, in Prussia. He went at once to the custom house to present his papers and was immediately arrested. A charge of trespassing on government property was made against him and he was fined nine rubles, which he paid.

The police, instead of releasing him, however, proceeded to strip him of his money and clothing, which they sold. Then they locked him up once more, without his passport or his citizenship papers, and without telling him why.

From Schuchin they sent him by short stages from one prison to another, to Pinsk. He was often confined for weeks in the prisons by the way, where, he says, he was flogged and subjected to other ill usage.

At Pinsk he was informed he would be tried for having become a citizen of the United States without permission from the czar. He was finally released but without his passport, he neither got home or could leave Lohenshin. He says that he was often without sufficient food and that he was in constant fear of being sent to Siberia.

He laid his case before the United States Minister, Clifton R. Breckinridge, who took a lively interest in it. Consul General Carroll also interceded for him and Ginzberg managed to get word to Robert M. Lewis, a banker in Glasgow, Mon., who owed him a debt of gratitude for having warned him of an attempt to rob his bank. Mr. Lewis sent him money and Minister Breckinridge also helped to relieve his distress.

In spite of the assistance of his friends Ginzberg found that there was no change in his case and he determined to send a petition to the czar. After saying that he had heard of the czar's goodness and calling upon heaven to preserve him, he explained that he had come to Russia only out of a filial desire to see his parents once more, and that he had intended to do no wrong, having left home when a boy and being ignorant of Russian law, he humbly prayed the czar to let him go.

Ginzberg thinks that he owed what he calls his speedy release to this petition. The czar's secretary sent word that he had received it, and a year afterward he was brought to trial. He was found guilty and was sentenced, last January, two years and a half after his arrival, to perpetual banishment from Russia. He left gladly by the aid of the money sent to him from Montana. He lives in this city and found work this week for the first time since his return.

His counsel, Charles Schwick, has sent his application for damages to the state department. The counsel says he hoped the case would bring about arrangements with Russia for the protection of naturalized citizens. He has the certificates of citizenship and the passport which was carried by Ginzberg and returned to him after his trial. They are worn and soiled with much handling, and bear translations in Russian on their backs for the information of the czar's subjects who were charged with the prosecution of the exile.

### SINGLE-HANDED HOLDUP.

The Bandit Shot Down and Two Other Men Were Wounded.

TACOMA, Wash., May 22.—A single robber yesterday afternoon held up and attempted to rob a car on the Steilacoom electric line. As he got on the platform he pulled a mask down over his face, produced a revolver and ordered Superintendent Dame of the motor line and Motorman Wellman to a compartment in the rear of the car. They complied with alacrity.

The robber then ordered the passengers to hold up their hands and commenced relieving them of their valuables. Superintendent Dame drew his gun and fired through the compartment door at the robber, who returned the fire. The robber dropped dead with bullets through his lungs and heart. Dame was shot in the arm and Jewett Smith, a passenger, received a ball in the leg.

### FOUR DAYS' BATTLE.

The Losses on Both Sides Have Been Very Heavy.

NEW YORK, May 22.—The Herald's correspondent in Montevideo, Uruguay, telegraphs that fierce fighting has been going on for four days near the Brazil-

ian frontier. The fighting is still in progress and both sides have sustained heavy losses.

Lamas, one of the rebel leaders, has continued at the head of his forces for the four days, in spite of the fact that he has been seriously wounded.

The forces in action on both sides have had practically no rest since the beginning of the engagement.

### ARMISTICE IGNORED.

The Turks Are Advancing, Pillaging and Burning the Villages.

ATHENS, May 22.—A dispatch from Lamia says that white flags have been hoisted along the lines of both armies, and that Crown Prince Constantine has formally announced the armistice to his troops.

In spite of the armistice the Turks have advanced to Daitza and occupied and fortified several positions. The government has formally protested against this.

It is said that the Turks are pillaging and burning in all parts of Thessaly. The route will be convoked as soon as the terms of peace have been arranged.

### Terms of Peace Proposed.

CONSTANTINOPLE, May 22.—The ambassadors will present a note to the porte embodying the terms of peace to which they will agree. The note will refuse to permit the abolition of the capitulations in the case of Greek subjects or the annexation of Thessaly, but will consent to a strategic rectification of the frontier and to an indemnity not exceeding 115,000,000 francs.

### Turkish Vessel Fired on and Sunk.

LONDON, May 22.—A dispatch to The Daily Mail from Berlin says The Post publishes a telegram from Salonica, asserting that in spite of the armistice a Greek warship has fired upon and sunk a vessel flying a Turkish flag. Five of the crew were drowned.

### Porte Still Arming.

CONSTANTINOPLE, May 22.—The porte has concluded a large contract with Herr Krapp, the German gunmaker, for a supply of artillery and ammunition.

### DETECTIVES ACQUITTED.

End of a Bitterly Fought Legal Battle at Bedford, Indiana.

BEDFORD, Ind., May 22.—After having been out nine hours the jury returned a verdict of not guilty in the case of John Brown and John Sexton, the Louisville (Ky.) police officers charged with murder in the first degree for killing George Rippey, near Salem, on the night of Dec. 27, 1896.

The officers were hunting for a criminal who had escaped from Louisville and in searching for him in the swamps took Rippey for the man they wanted and shot him. Lynching was threatened at the time and Brown and Sexton were taken to New Albany for safe-keeping.

The legal battle ending in their acquittal was one of the hardest fought ever in the courts of this country.

Brown and Sexton have never been discharged from the Louisville police force and have drawn their salaries regularly.

### GENERAL M'CORMACK DEAD.

Physician with a War Record and an Ex-Congressman.

ST. LOUIS, May 22.—A dispatch to The Republic from Bonne Terre, Mo., says General James R. McCormack died there yesterday, aged 73 years.

General McCormack was born in Missouri Aug. 1, 1824. He graduated as a physician in 1849 from Transylvania university, Kentucky. At the outbreak of the war he was appointed surgeon of the Sixth regiment, Missouri infantry. He was afterward appointed brigadier general. In 1866 General McCormack was elected to congress and was twice re-elected. He was a Democrat. A widow and two sons survive.

### Predicted His Own Death.

LIGONIER, Ind., May 22.—G. W. Jaquays, a wealthy, retired Jefferson township farmer, was found dead in bed. He was in apparent good health when he retired, but he always had a premonition that his end was near, and a day before his demise he predicted within a few hours the time of his death. He was a pioneer resident and leaves a family, consisting of a wife and seven children. He was 80 years old.

### Wheat Mixed With Rye.

CHESTERFIELD, Ind., May 22.—The wheat fields in this locality are so badly infected with rye that it will be difficult to get seed wheat for next year. There is no field clear of rye, while a great number of fields contain only about one-third wheat. Thrashers are to blame for the mixture, because they do not thoroughly clean the rye riddles before thrashing wheat.

### A Piteous Plea For Life.

LAPORTE, Ind., May 22.—The 9-year-old daughter of Frederick Arndt of Wilders, this county, swallowed a grain of corn, which lodged in her windpipe. An operation was had to remove the kernel, but death ensued immediately after it was taken out. Before put under the influence of chloroform, the child pleaded piteously with the physicians to save her life.

WASHINGTON, May 22.—Representative Thomas H. Tongue of Oregon was struck by a cable car and painfully injured near the corner of Pennsylvania avenue and Sixth street last night. He received a number of severe cuts and bruises. He was taken to Providence hospital, where it was found he had sustained a cut on the left cheek and another over the left eye.

## BELLIGERENCY BILL.

It Will Not Be Passed by the House at Present.

### M'KINLEY NOT READY FOR ACTION.

Republican Leaders Will Delay the Measure Until a Policy Has Been Decided Upon—Money Sent to General Lee For the Destitute Americans in Cuba—Havana Dispatches—Other War News.

WASHINGTON, May 22.—No official information could be obtained as to what action the house may take on the Cuban resolution passed by the senate Thursday, but it was understood that Speaker Reed would have a conference with the president on the subject at an early day and no action would be taken until after that conference. The inference was that the action of the house managers would be guided to a large extent by the results of the conference.

It is probable that some attempt will be made on the part of the Democrats to have the resolution considered as soon as it reaches the house, but this can not be done except by unanimous consent which will not be given, or by a special order from the committee on rules. This special order will not be brought in until the Republican leaders are ready for action.

Senator Davis, chairman of the committee on foreign relations, had a conference with the president by appointment yesterday. It is understood to have had reference to the effect of the senate's action on the Morgan Cuban belligerency resolution and upon the general subject of the administration's attitude toward Cuba.

### HAVANA DISPATCHES.

Train Dynamited and Several Skirmishes Follow the Event.

HAVANA, May 22.—The insurgents dynamited and derailed an exploring engine on the railroad between Cristo and Sergio, province of Santiago de Cuba, and afterward fired on the train which followed it, plundering and burning three cars. The remainder of the train put back to Cristo. The local guerrilla force attacked the insurgents, killing five of them, and recaptured the engine of the exploring engine and three railroad employees who had fallen into the hands of the insurgents. The guerrilla force had a lieutenant killed and the insurgents in another skirmish with the guerrillas lost from 10 to 20 killed.

During the month of May, up to date, according to the official reports, the insurgents have lost 224 men killed and the troops have captured six prisoners and 158 rifles. In addition, it appears that 52 armed insurgents have surrendered to the Spanish authorities. The Spanish troops during that period, according to official accounts, lost 27 men killed and had 85 wounded.

General Rey, who has been appointed chief of staff in the Philippine islands, sailed for Spain yesterday. The steamer on which the general was a passenger, also took home 341 sick soldiers. The Ruiz commission did not resume its sitting yesterday as was expected. Mr. Calhoun, accompanied by Senor Jose Congosto, the Spanish consul at Philadelphia, to a conference of prominent local autonomist and reform leaders.

### DISTRIBUTING RELIEF.

Ten Thousand Dollars Made Available For Destitute Americans in Cuba.

WASHINGTON, May 22.—The secretary of state has directed Consul General Lee to draw for the immediate purchase of supplies and medicine for the relief of American citizens in Cuba and for the transportation for such as are without means who desire to return to their homes in the United States, not to exceed \$10,000. Consul General Lee has also been instructed to furnish consuls in Cuba at his discretion sums of money for this purpose.

Another cablegram has been sent to the United States consul at Matanzas, Cuba, instructing that official to communicate with General Lee for funds with which to relieve American citizens there.

The money to meet these immediate needs will be taken from the contingent funds of the department of state.

The method of distribution outlined by these cablegrams is significant, as it shows the idea of the administration to be in favor of distributing federal funds through the government officers and that it will not be done in any other way.

### SPANISH CRUELTY.

An American in Cuba Horribly Tortured by Spanish Soldiers.

NEW YORK, May 22.—A special to The Journal from Havana, via Port Tampa, Fla., says: A shocking story of Spanish cruelty, verified by a consular representative of the United States, comes from Santa Clara province. The Cuban leader, Charles Aguirre, who was officially announced to have been killed by Spanish troops under General Oregon in an engagement near Sancti Spiritus a fortnight ago, was a matter of fact made a prisoner, after having been seriously wounded.

Learning that he claimed American citizenship, his captors are said to have tied him to the tail of a horse and dragged him through the streets of the village of Arroyo Blanco until death claimed him. General Oregon it is said, after learning the facts, severely reprimanded the minor officers directly responsible for the brutal action and directed that the body be properly interred.

### BANK FAILURE SENSATION.

The President of the Closed Institution Charged With Embezzlement.

LOGANSPORT, Ind., May 22.—The sensational developments in the bank failure, as expected, are coming to light. Bank Examiner Caldwell has sworn out an affidavit charging John F. Johnson, president of the State National bank, with embezzlement, misappropriation of funds and with intention to deceive and defraud the bank and the bank examiner. The paper is in the hands of United States Commissioner George W. Funk and will be served as soon as a United States deputy marshal can be secured.

Forgery is also charged to President Johnson and the examiner thinks that the amount will run up to \$201,000. He is alleged to have embezzled \$100,000 of bank funds, \$61,500 of which was concealed in the certificate of deposit and \$40,000 in the individual ledger.

President Johnson is charged with forging the names of prominent business men to a total of 80 notes, representing \$201,000. The money was secretly borrowed from the funds of the bank, not one of the depositors having any idea of such a proceeding on account of the unusual confidence placed in the president.

Property is being deeded to the stockholders by Johnson and every effort being made to save himself. President Johnson has protected one of his private creditors, in the person of a one-legged boy named Charles Heitzman. He was guardian of the boy and had \$3,700 of his money. To make the boy safe, or nearly so, he has deeded to him property in Gas City valued at about \$3,400. The other private creditors will likely lose all of their claims, as Mr. Johnson is now without any means. How much he owes and to whom is not stated. It is understood John Alber of Logansport lately loaned \$8,000 to Johnson without security. One hundred thousand dollars' worth of property has been deeded to the bank during the last 24 hours.

President Johnson is a quiet, unassuming man, with no bad habits and was not extravagant.

Some talk of reorganization is indulged in. John C. Ingram of Indianapolis, formerly cashier of the bank, is mentioned for president.

The downfall of Mr. Johnson can not be fully explained. He would make no statement for publication and is quietly waiting at his home for the officers to arrest him.

A friend of his said that John Johnson was always considered an upright man and a hard worker. When his father died, some years ago, he was appointed administrator. He started in, believing the estate to be solvent, and paid all honest claims as they were presented. Bills came thick and fast, yet he refused to allow the credit of his father's estate to drag. He paid and paid and paid, and for his own protection was compelled to take one after another of the pieces of real estate that his father had owned. This process wiped out his ready cash, and, being compelled to have money, he secretly borrowed it from the bank.

### GASOLINE EXPLOSION.

Three People Perish and Four Others Are Badly Burned.

ST. LOUIS, May 22.—An explosion of gasoline resulted in the death of Mrs. Ada Mohr, 33 years old; her 18-month-old baby, and Hugo Howard, 15 months old. Mrs. Bessie Howard and William Howard, her 5-year-old son, were probably fatally burned, while Max Gumpert and Henry Surman were badly burned in attempting to rescue the unfortunate victims.

The explosion occurred in the upper rooms of 2341 Menard street, occupied by Mrs. Mohr. In order to make the fire in the cook stove burn faster Mrs. Mohr poured gasoline over the wood.

### SUNK IN COLLISION.

The Steamer Florida Lost in Lake Huron, Off Middle Island.

CHICAGO, May 22.—During a dense fog the steamer Florida of the Lackawanna line was sunk by collision with the steamer G. W. Roby in Lake Huron, off Middle island, yesterday afternoon. The crew of the Florida was taken to Port Huron.

A private dispatch from Sault Ste. Mich., corroborates the news of the loss of the Lackawanna steamer Florida on Lake Huron. The captain of the steamer Glidden, which has just arrived at the Soo, reports having passed the pilot-house and other wreckage from the Florida off Middle island at 5 o'clock last evening.

### ROBBED AND MURDERED.

One of the Most Prominent Citizens of Pittsburgh the Victim of Highwaymen.

PITTSBURGH, May 22.—E. S. Fleisher, a well known real estate man, was robbed and murdered while on his way home shortly after midnight. The deed was committed on the Lincoln avenue bridge, in the East End. After relieving Fleisher of his money and valuables his assailants threw him over the bridge into the ravine, 90 feet below. When found half an hour later he was still living but died on his way to the police station.

The murdered man was one of the most prominent secret society men in Allegheny county, being a member of high degree in the Masonic fraternity, Odd Fellows and other organizations.

CHICAGO, May 22.—The strike of tanners and furriers has been officially declared off and 1,000 of the 1,500 men who quit work several weeks ago returned to work this morning. The other 500 will be taken back in the course of time.

Wilkins was associated several years with E. L. Gun, whose crooked transactions with the Connecticut Mutual Life Insurance company amounted to several thousand dollars, and after Gunn absconded Wilkins succeeded him and seems to have studied his former employer's methods carefully. He would forge the mortgage, note and coupons, together with the mortgage. He received a draft for \$1,500, forged the name of J. M. Cooley, to whom it was payable, and kept \$500 of the money. As far as known his forgeries will amount to \$5,000.

Chapman of Wellington, O., who were visiting friends on the island while out fishing in a small pleasure boat, accidentally overturned the craft, precipitating both into the water. The husband made a heroic effort to save his wife, who was finally overcome by the water and died in his arms before assistance arrived.

The remains were brought to this city and sent to their home in Wellington for interment. The husband is a well known cheese manufacturer.

### Condition Critical.

LIMA, O., May 22.—Mrs. John Burgoyne, who was thought to have been slightly injured in the street car collision of Tuesday night, was taken much worse last night and it was found upon close examination that her skull was fractured. ### LOOSE BUSINESS METHODS

Pursued By the Republican Commissioners in Charge of the Frankfort Penitentiary.

FRANKFORT, Ky., May 20.—State Treasurer Long, ex-officio Penitentiary Commissioner, was before the Senate Investigating Committee this afternoon. He gave a detailed statement as to how the contract to Martin was let, and said the only change made in the wording of the contract after it was let was as to the manner of fixing a price on new style chairs. He further said in substance: "No invoice or inventory of stock or materials on hand in the chair factory was taken when Warden Hancock succeeded Nell. No; the Commissioners have no way of telling how much Hancock should be charged with, although he is responsible under his bond for any shortage in the lumber, materials or chairs, other than the ordinary shrinkage and waste in manufacturing. "The laundry work that I have had done in the prison I paid for."

Attorney-General Taylor, another one of the Commissioners, in substance testified as follows:

"I paid for all the laundry work I had done at the prison. In reference to the report that I am the attorney for the contractor, Mr. Martin, I will say this: When Albin & Co. sued the Commissioners and Martin I filed an answer for the Commissioners, and as the Commissioners' interests and Martin's interests were the same, I also filed a short answer for Martin. In an attachment sent by some New York parties against Martin I filed an answer for Martin, as a courtesy to L. J. Crawford, Martin's attorney. I have never received a fee from Martin nor made any arrangement for pay of any sort."

### THE DISTRICT EPWORTH LEAGUE.

What Was Done at Friday's Sessions—List of Officers For Ensuing Year.

Yesterday's sessions of the Epworth League district convention were very interesting and helpful. A number of excellent papers on subjects of interest to leaguers were presented and some lively discussions followed the reading of each. The love feast at 10:45 a. m., led by Mr. I. M. Lane of this city, was one of the best meetings of the convention. Every one seemed to catch the hearty spirit of the service and all left with thankfulness in their hearts that they had been allowed to attend such an inspiring meeting.

The sermon by Rev. G. R. Frenger at 7:30 p. m. was a helpful one and all the delegates and visitors could not but "go forward," after listening to this learned divine. The spirit of true consecration was manifested in the consecration service, led by Rev. T. B. Stratton. The delegates and all Christians assembled around the altar where complete sacrifices of self were made. This service ought to bring excellent results from every leaguer during the coming year. The meeting closed after the singing of the doxology. Most of the delegates will leave for their respective homes this morning better prepared to "look up and to lift up."

The following officers were elected for the ensuing year:

President—Rev. Thos. Hanford, D. D., of Covington.  
 First Vice President—Miss Laura Gray, of Augusta.  
 Second Vice President—Miss Lulu West, of Bellevue.  
 Third Vice President—Miss Esther Hutchins, of Maysville.  
 Fourth Vice President—Wm. Banmsmith, of Covington.  
 Corresponding Secretary—Miss Stella Epplay, of Dayton.  
 Recording Secretary—Miss Edie Hanford, of Covington.  
 Treasurer—Chas. Wilson, of Ludlow.  
 Executive Committee—Rev. G. R. Frenger and pastor of the church where the next convention will be held.

A man's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

### EXPORT CATTLE TRADE.

It Will Prove a Good Thing For Boyle County This Year—A Pointer.

The Danville Advocate says this promises to be a great year for the Boyle County export cattle trade. There are 3,400 head of cattle for export this fall being prepared for market in that county. These cattle will bring into the county between July and January from \$225,000 to \$250,000, which will go no little ways toward helping to enliven all branches of trade. Besides these there are 1,800 feeders in Boyle that will not be ready until fall.

A Kansas man fed 44 common steers 117 days. He weighed them in at an average of 971 pounds. He sold them the other day when they weighed 1,456 pounds. That makes a gain of five pounds a day for the entire time they were fed, which is an unusually large gain. His plan of feeding is as follows: He first turned them into a corn field when the corn was in hard roasting ear. After the corn began to get too hard for easy eating he put them into the corral and fed them on soft corn grown on stubble land after the wheat was harvested. After this they were led on hard corn. They were fed alfalfa with corn after they were taken out of the corn field.

Merrill, Baldwinsville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. ### BASE BALL.

Lexington and Shelbyville are Talking of Organizing Teams—Why Not Maysville Also?

A move is on foot at Lexington to organize a semi-professional ball team, and Shelbyville is also taking steps in that direction. The Shelby Sentinel says: "A good ball team helps to pass the dull summer months very materially and it is believed that with the number of good local players we have one could be maintained at comparatively little expense."

The Leader speaking of the move at Lexington says: "All seem to want a club, but the men to back one are not forthcoming. This city is large enough to support a club and a good one at that. In some minor leagues that are apparently a success there are clubs in cities no larger than Lexington and in which the base ball interest is not so great. Of course we can not expect to have a team that can play league ball, but then we can have a good one. It will not take so much money, to run a team, provided economy and good judgment in 'booking' games is exercised. If twenty-five men will subscribe \$15 each, and in return take season tickets, a team can be started and put on good footing. Of course the subscription will not carry the club, but then if the people turn out both ends can be made to meet. There are several competent player-managers in Cincinnati that are anxious to get a chance to manage a team. There is good material for a team in Louisville and Cincinnati. A good base ball club is always an advertisement for a city, and Lexington should have a club by all means. The games will draw people to Lexington and benefit it thereby. It is likely a meeting will be called one night soon for the purpose of discussing a club."

Portsmouth and Ashland have good clubs this season.  
 Sechrist and Nye, well known ball players, have signed with the Paris (Texas) team.

The Portsmouth Times says Leever and Newton are not doing very well in the Atlantic League.

### NEGROES TURNED DOWN.

They Are Making a Big Kick Because President McKinley Hasn't Given Them Any of the "Pie."

[Washington Dispatch.]

A leading colored Republican is quoted in the Post as saying: "Before the election assurances were solemnly given that the negro would be cared for. One of the most prominent negroes in the United States, who was for another candidate, had been busy declaring that Major McKinley was not the friend of the colored man. It took hard work to counteract this charge, and it was very warmly refuted by Hon. Mark Hanna. What do we see? Not a single negro has, up to this time, been given an office. Our people had believed all along that some one of their number would get one of the Auditorships, but now that hope has about died out. There is one mission to Hayti vacant, and a colored man could very properly be sent there, and while there is no lack of good men applying for it, no doubt the appointment will be given some white Republican."

"To my mind it begins to look as though the negro was slated for a grand turning down. So far there has been little open complaint, because nobody wants to incur the hostility of the powers that be. The kicking is none the less earnest because it is done surreptitiously. This thing of coddling people for campaign use is getting wearisome. Even under Cleveland the negro got fair recognition, when it might be said that he wasn't properly entitled to anything. The sure result of leaving us out in the cold will be manifested in future elections. It is absolutely certain that the negro will not stay with the party which refuses him even a minimum of official reward when it gets into power."

### Flower Thieves.

The Lisbon (O.) Patriot has no use for those who pilfer flowers. It says: "The unhung scoundrels and ignorant scallawags who steal flowers in and about Lisbon have already begun to get in their vandal work. Any person over six or seven years of age who steals flowers, should be castigated if a child, horse-whipped if a man, and sent to jail if a woman. There is no other theft less excusable. A fine flower growing may be seen and admired by thousands, that plucked and carried off can be preserved but a few days at the most, and can be seen and enjoyed but by few, if any; for it is not likely that an adult capable of such scurvy crime has wit enough to properly appreciate buds or blossoms after stealing them, and is fairly certain to have no friends fit to meet outside a workhouse or penitentiary."

FRANKFORT Capital: "Ex-Attorney-General Jack Hendrick is a 'charmer.' He has charmed Attorney-General Taylor, and the Republican lawyers of Kentucky are wondering why the Republican Attorney-General when he needs assistance, as he sometimes does, never thinks of employing Judge Holt, Gen. Dan Lindsey, Judge D. W. Fairleigh, the Hon. Augustus E. Willson, the Hon. Jack Marshall or some of the many eminent Republican lawyers in preference to Hendrick, Goebel and Dembitz. Jack is a 'charmer' and he has charmed the Attorney-General."

VANCEBURG Sun: "Mrs. Ann Irvine, of Rectorville, the aged mother of Dr. J. F. Irvine, of Tollesboro, from 1864 up and until 1890 drew a pension from the British Government of \$4 and 8 shillings from the Merchant Seaman's Fund, her husband having been master of a vessel at the time of his death. About 1870 she moved to this country when the payments stopped owing to her address being unknown to the Board of Trade, through which payments were made. She recently placed the matter in the hands of Mr. F. B. Trussell, the Tollesboro attorney, who has been successful in securing for her the back pay from 1870 to the present time and a continuation of the original pension. He has been notified that the amount (over \$500) will be paid at the nearest port of entry."

### DROVE AWAY IN A BUGGY.

Convict Sinclair Who "Mysteriously" Disappeared From the Frankfort Penitentiary.

[Western Argus, May 20.]

Sinclair, the "trusty" convict that padded the lumber tickets with his accomplice Powell, the colored convict, escaped from the prison yesterday morning. His convict clothing was left in Jilison's alley and from indications he was driven away from the city in a buggy. Whether it was the same horse and buggy that carried him from Covington to Columbus, O., none but the driver can tell. He was held in high esteem by the prison officials, because he was a Mason and Oddfellow, as well as a member of other societies. We say this because Warden Hancock gave this as his reason for giving him a soft job in the prison.

Epworth Leaguers Visited the Rooms Friday—The Men's Rally Sunday Afternoon—Other Matters.

By special invitation the delegates attending the Epworth League convention in our city and a number of local friends—more than seventy in all—visited the association rooms yesterday immediately after the close of the afternoon session. After a brief inspection of the rooms on second floor all met in parlor where instrumental and vocal solos by Miss Grace Johnson and Miss J. Wisenall, respectively, (delegates from Covington), were enjoyed, and all joined in singing "Blest Be the Tie." The guests then adjourned to the gymnasium hall above where an informal exhibition drill, consisting of dumb bells, exercises on German horse and parallel bars and a game of basket ball was given by members of the business men's class. The affair was very informal in character, and evidently was enjoyed by all present.

During his recent visit at Frankfort Rev. Dr. Chapin was asked to give the address at the Y. M. C. A. services held last Sunday afternoon. The association at the Capital City occupies splendidly equipped rooms in the new Masonic block, and under the wise and efficient leadership of its genial Secretary, Mr. Wilcox, a grand work is being accomplished. We feel sure that the address delivered by Mr. Chapin was well received.

The young men who come to the Y. M. C. A. parlors Sunday afternoon and there spend the hour, from 3 to 4 o'clock, at the men's rally will not go away disappointed by any means. First of all they will enjoy some good singing and also instrumental music. Miss Grace Johnson, of Covington, who is visiting in town will preside at the piano and render a piano solo, and Master Walter Petry will be on hand to play violin accompaniments. Then a stimulating address on a theme of interest to young men especially will be given by Rev. U. W. Darlington. This will be Mr. Darlington's first meeting with the young men of this portion of the city, and he deserves and ought to have a large audience. All men will be cordially welcomed at this rally.

The Religious Work Committee will meet in the association rooms next Monday evening at 7:30 o'clock, at which time some important changes in the plans for Sunday meetings during the hot weather will be discussed and acted upon.

## IN THE NAVY DEPT.

Disbursing Officer Glad to Recommend Paine's Celery Compound.

No department at Washington just now so absorbs the attention of the people as the splendidly-growing, formidable navy. It is not to the gold-laced Annapolis graduates that the brunt of the responsible work falls, but to the able department officials, of whom Disbursing Officer F. H. Stickney is one. A letter from him says:

"Having taken Paine's Celery Compound for the last few weeks I found it a perfect spring remedy, and been much benefited by it."

Spring is the decisive time in the life of every person out of health. It is an assured fact that stubborn disorders become quickly curable in the spring. This is especially true of such persistent troubles as rheumatism, neuralgia and obstinate kidney diseases.

No one, sick or well, can afford to "try" uncertain remedies in spring or any other time.

The dishonesty of many self-named spring remedies becomes startlingly apparent when their results are compared with the results obtained from this accurate, scientific preparation, Paine's Celery Compound. The general practice among careful people of purifying the blood and toning up the nerves in the

spring has tempted scores of incompetent persons, schemers and clerks, with only a dangerous smattering of medical knowledge, to venture to concoct so-called spring remedies.

In sharp contrast with these risky preparations is the one valuable spring remedy worthy the name in the estimation of competent persons and medical authorities, Paine's Celery Compound.

This widely praised and widely prized remedy really does make people well. It is as far removed, in the minds of judicious men and women, from all other remedies purporting to accomplish equal results, as the north is from the south. Clear-headed professional men, business men and the great body of hard-working brain workers all over the country believe heartily, and with good reason, in Paine's Celery Compound.

Paine's Celery Compound gets its staunchest endorsement from physicians and scientific men who were led to verify its claims because of its discoverer, the distinguished Dartmouth College professor, Edward E. Phelps, M. D., LL. D. Nothing will pull a tired-out, nervous, "run-down" man or woman out of the quagmire of sinking health so promptly and firmly as Paine's Celery Compound.

Pictures of the road racers can be seen in J. T. Kackley's window before the start.

Joe Diener says it makes a great difference, riding his new Crescent racer, 77 gear.

Williams and Cox made a run to Elizaville last evening. They had a time, we know.

Good attendance at the bicycle park. Ed. Nesbitt says it is the place, as other riders can't kill you there.

One of Maysville's popular young gentleman took a header the other day trying to keep up with the ladies.

Captain Jenkins on his Cleveland rode the only century last year. Who will join the century club this year?

The general public, as well as the cyclist, should consider how much the cycle has done for the advancement of good roads.

The following riders made a run to Flemingsburg Sunday: Willett, Diener, Jenkins, McCarthy, Watson, Dodson and Captain Kackley.

Flemingsburg Gazette says some of the Maysville riders were up recently and adds they will make the run in forty minutes. How about it, boys?

New riders at the park: Miss Minnie Ricketts, Miss Lucy Wilson, Miss Annie Frank, Miss Dixie Peirce, Miss Mary T. Pearce, L. M. Mills, G. S. Judd and Jas. Barbour.

It is estimated that 23,000 people get their support from the Cleveland Bicycle Co. They spend \$10,000 per year for

postage. Crescent makers average 2,000 letters per day and 800 orders for wheels per day.

The organized work of securing better roads and increased privileges for wheelmen should have your earnest support.

The first macadam road built in the State was from Maysville to Washington, a distance of four miles. It will be observed that with her characteristic enterprise Maysville led in the building of turnpikes as she has with so many other matters in the line of State developments. Maysville is one of the most enterprising cities in the old Blue Grass State, and always keeps up with the times, says an exchange. Now get in line for brick streets, which will add largely to the sanitary condition of our little city under the hill.
